To whom it concerns,

I would like to strongly object to the application by North Irish Sea Array Wind Farm Ltd & North Irish Sea Wind Turbines (Application No. OA29 N. 31 9866) for installing huge wind turbines in the Irish Sea off the coast of my seaside village, Laytown, Co Meath.

- The turbines will be much too close to the land and do not follow internationally accepted standards of a distance of at least 22 km from the shore.
- The industrial view of the horizon will be very destructive to the health, well being of the people of our village and will affect tourism.
- The flashing lights and noise created by these massive turbines will have a huge affect on the people of our village.
- The affect on sea birds and searlife, especially fish, whales, dolphins would be catastrophic.

→

- The upheaval to the people of Långbun and wildlife during the lengthy construction phase would be unacceptable.

In conclusion, I strongly object to this planning application as do ~~are~~ my fellow neighbours.

Yours sincerely,

Shamsa Doyle
