Ans Chara,

- 1 Existing changing shelter should not be removed:
 - a It is vandal proof.
 - b Provides shelter 24hrs every day.
 - c Does not require maintenance attendance.
 If anything it should be enhanced by the addition of a 1/2m wall to provide weather protection whilst all year swimmers are changing.
- 2 Car Park area C should be curtailed as green area is important for aspect and space for childrens play.
- 3 Childrens ^{beach} area should be left as is.

As for the rest of the plan; I look forward to the developement and it will be a great addition to the amenity for the community. I presume work will take place in the off season and that, at all times, snowmelters will have access.
