Re: Appeal Reference ABP-321396-24

Subject: Construction of an Effluent Balancing and Resource Recovery Plant, Dundalk Science and Technology Park

Dear Sir / Madam,

We acknowledge receipt of your correspondence dated 30 October 2025 and note the Commission's request for submissions under Article 28(1)(y) of the Planning and Development Regulations 2001–2018.

In relation to the proposed development, we wish to make the following observation:

Uisce Éireann fully supports the proposed development of an Effluent Balancing and Resource Recovery Plant at Wuxi's facility in Dundalk.

The proposed development is required to meet pre-treatment emission limit values as agreed with Uisce Éireann in order to facilitate the provision of current and future water services to Wuxi and to safeguard capacity in the public treatment plant to cater for future residential and commercial growth in Dundalk.

We trust that this observation will assist the Commission in its consideration of the appeal. Should you require any further information or clarification, please do not hesitate to contact us.

Queries relating to the terms and observations above should be directed to planning@water.ie

Dermot Phelan,
Connections Delivery Manager
