**Re: ABP- 321557-24 - Proposed Development of a Solar Farm, 110kV Substation and associated 110kV Grid Connection and all associated ancillary works located in Drumroe East, Cappoquin and adjacent townlands, Cappoquin, Co. Waterford**

Dear Sir/Madam,

On behalf of Amarenco Solar Ireland Ltd (Amarenco), I refer to the above S.182E pre-application process regarding the proposed development of a Solar PV Farm, 110kV Substation and associated 110kV Grid Route at Drumroe East, Cappoquinn and adjacent townlands, Cappoquinn, Co. Waterford, ABP reference 321557-24. Thank you for issuing a written record of the second pre-application meeting held on 30<sup>th</sup> May 2026.

We note the Commission's position that only the substation and grid connection elements of the proposal come within the scope of SID and can confirm it is solely these elements that will be brought forward for approval under S182A of the Planning and Development Act, 2000 (as amended).

On behalf of Amarenco, we would like to thank the Commission for its comprehensive feedback at both pre-consultation meetings. We have no further questions regarding the procedures for a SID application and would welcome the formal closure of the pre-consultation phase under the provisions of S182E of the Planning and Development Act, 2000 (as amended) at your earliest convenience.

Yours sincerely,

Matt Williamson

McCutcheon Halley
