Re: This proposed development is for flood defences at key locations along the Carrickmines and Shanganagh rivers including new walls/raised existing walls, culverts, localised screens upgrades and localised works in the river. An Environmental Impact Assessment Report (EIAR) is submitted with application
This proposed Flood Relief Scheme for the Carrickmines-Shanganagh Rivers at sites in the townlands of Woodside, Kilgobbin, Carrickmines, Brennanstown, Shankill, Loughlinstown, Shanganagh and Hackettsland

Dear Sir / Madam,

An Bord Pleanála has received your recent submission in relation to the above mentioned proposed development and will take it into consideration in its determination of the matter.

Please note that the proposed development shall not be carried out unless the Board has approved it or approved it with conditions.

If you have any queries in relation to the matter please do not hesitate to contact the undersigned officer of the Board at laps@pleanala.ie

Please quote the above mentioned An Bord Pleanála reference number in any correspondence or telephone contact with the Board.

Yours faithfully,

Aisling Reilly
Executive Officer

Health Service Executive

**HSE Submission Report Environmental Health Service Consultation Report (as a Statutory
Consultee (Planning and Development Acts 2000) and Regulations made thereunder)**

Date: 09.04.2025

Report to: An Bord Pleanála

Type of consultation: EIAR

Planning Reference: Bord Pleanála Case reference: JA06D.321937

Applicant: Dún Laoghaire-Rathdown County Council

Address of proposed Development: Carrickmines Shanganagh Flood Relief Scheme

EHIS reference: 4664

Proposed Development: This proposed development is for flood defences at key locations along the Carrickmines and Shanganagh rivers including new walls/raised existing walls, culverts, localised screens upgrades and localised works in the river.

Introduction

The following HSE Departments were notified of the consultation request for the Planning EIAR Application 27th February 2025.

- Emergency Planning
- National Capital Estates Office – Regional AND
- Director of National Health Protection
- REO Dublin & Midlands
- REO Dublin & South East

This report only comments on Environmental Health impacts of the proposed development as outlined in the EIAR and the adequacy of the EIAR from the Environmental Health viewpoint. The National Environmental Health Service (NEHS) has made observations and submissions on the following specific environmental health areas.

All commitments to future actions, including mitigation and further testing, have been taken as read and all data has been accepted as accurate. No additional investigations/measurements were undertaken in the review of this application.

The NEHS has made the following observations and recommendations.

Recommendation

The report states that any likely significant effects on Public or Environmental Health from the proposed development will be during the construction phase, and there are no likely

significant effects from the operation of the development. Therefore the NEHS recommends the following:

- a) That all the mitigation identified in the EIAR is implemented in full. If there are exceedances of any of the guidance levels outlined in the EIAR mitigation measures should be reviewed and additional measures implemented. This recommendation is made in the interest of protection of public health.
- b) The construction phase will be subject to a Construction and Environmental Management Plan (CEMP), which is detailed in the application. The CEMP identifies mitigation that the NEHS recommends should be implemented in full to protect Public and Environmental Health during the construction phase.
