Observation details

5. Please describe the grounds of your observation (planning reasons and arguments). You can type or write them in the space below or you can attach them separately.

Myself and my husband have lived in Lisgriffin for eight years, we moved here for the peace and quiet of the countryside. We put our blood, sweat and tears into making a home where we could spend our later years in peace and quiet. I suffer from debilitating migraine and Charlie has tinnitus. I am sick with worry that the proposed wind turbines will affect our health, we cannot move, we are physically not able to create another home. People living near windturbines report on going issues like insomnia, tinniutus worsening, anxiety headaches and even feeling unwell. The noise that I am referring to is commonly called low-frequency noise (LFN), this type of sound is below the threshold of human hearing, (typically under 20Hz). It is not always heard but can be felt as pressure vibration or unease. This was meant to be our forever home. I implore you to please consider the anguish that is being inflicted on the people of this community.

Supporting materials

6. If you wish, you can include supporting materials with your observation.

Supporting materials include:

- photographs,
- plans,
- surveys,
- drawings,
- digital videos or DVDs,
- technical guidance, or
- other supporting materials.

Fee

7. You **must** make sure that the correct **fee** is included with your observation. You can find out the correct fee to include in our [Fees and Charges Guide](#) on our website.
