Access route to proposed site:

I wish to object to the proposed wind energy development consisting of 9 wind turbines in my community. The number of trucks and machinery required for the construction of the wind turbines will cause significant disruption on our rural roads. I am a health care worker and travel the roads in our community several times a day to provide care for elderly people in the locality. This will have a direct impact on my daily job as it will cause delays, increase in traffic and make our roads unsafe.
