A chera,

I refer to the above case reference 322787.

The proposed development of industrial size wind turbine's within 800 meters from my farm holding is very distressing to me and my family.

Having two quarries ~~of~~ left and right of where I farm and now planning proposals for wind turbines, it will be near impossible to farm in a happy and safe environment.

This proposed development has already divided the community, a once vibrant and relaxed one to a feeling that our small community is being ridden down on by a few landowners and big multinationals.

As two of the proposed turbine are within 200 mts of my holding my worries are significant

- ① Noise and flicker
- ② My son who is going to be farming not going to live on the holding due to health issues regarding same.
- ③ Badger disturbance etc associated with construction (TB issues in my dairy herd)

We are so saddened to think that  
our lovely countryside is going to be  
blighted by these monstrosities.

Thank you for taking the time to  
read my observation.

yours faithfully

John Buckley.
