Observation Submission – An Bord Pleanala

Case Reference : ABP – 322787

To:

The Secretary

An Bord Pleanala

64 Marlborough Street

Dublin 1

D01 V902

Planning Authority Reference 24503

ABP Case Reference 322787

A Chara,

I am writing this submission as I feel the construction of the Tullacondra Wind Farm will have an absolutely devastating effect on our community of Lisgriffin.

Already a small community, should the Wind Farm go ahead, not only will it deter new people coming to the area to start a home and a family, but it will also drive existing families out of the community. There is already evidence of this.

The proven negative effects that the Turbines will have, will leave people with no choice but to relocate or simply look elsewhere to start their family life. Anyone who may have emigrated from the area and are now looking to return simply will not. This will put a stop to the growth of our community and have negative impact on the National School and local Church.

I understand Green Energy is the way forward, but we are an island, Offshore Windfarms have been proven to work throughout Europe. Mountainous Windfarms have been proven to work throughout Ireland. However, in this instance, both of those options are not financially viable. That is simply the wrong circumstance to allow the Tullacondra Wind Farm to proceed.

The Noise, Flicker and Visual Impact will ruin our beautiful, peaceful countryside forever more. There will be no going back.

Mise le Meas,

Paul Daly
