Project No:  
Wcc - 2025 - R4.

Dear Sir/Madam

I Eileen Gallagher of the above Address, Object  
to the planning Application of the proposed "New  
"Railway Field link Road" - as there is a Road in  
place already.

All is needed is a New Footpath & Cut Back the  
Trees.

It will only add to the traffic Congestion that is already  
here at Present

I'm going to be 92yr old in September & I'm Concerned  
about my Security in the AREA, with all the Extra  
Traffic & footfall, with my loss of Privacy

The Environmental Impact on the Wildlife that live  
in the field & (Protected Wildlife & Birds) will be huge.  
This is the only home they have left in Town &  
Will have nowhere to go.

The Extra lighting in the AREA & the Proposed  
44 Bus Bays, will be Very Near my House &

I'm Concerned about the Noise Impact & Night time Sleep for Everyone in the AREA ie - Noise from Buses Worked on through the night, Near my house.

If this planning is granted I want any Works in the field to be Normal Working hours only

I also Enjoy my Daily Visit's of the Animals that live in the field Birds, Hedgehogs ect. as an older person they are great Company to Watch & I will miss it when it's gone.

I feel the Money Could be put to Better Use in the Town AREA.

Thanking you,

Eileen Gallagher.
