Subject: RE: SID Application Queries

Hi Andrew,

The 22nd would be sufficient based on a submission date of the 15th.

The period of submissions should be a minimum of 7 weeks

Kindest regards,
Ellen Moss

Hi Ellen,

Thanks for that.

Another query for you, we are planning on submitting the application this Friday 15th August. So, the question is what date should we put on the site notice for the start of being able to view the application? We were thinking of putting the 22nd August if you think that works?

Also, what period should we put that the application will be available to view, 6 or 7 weeks?

Example:

*The planning application, EIAR and NIS may be inspected free of charge or purchased on payment of a specified fee (which fee shall not exceed the reasonable cost of making such a copy) during public opening hours for a period of **six/seven** weeks commencing on **22nd August 2025** at the following locations:*

Regards,

Andrew.

Hi Andrew,

The CAD file can be submitted within the USB soft copy or separately

Kind regards,
Ellen

Hi Ellen,

Can the CAD file with the Redline boundary be included on the USB soft copy with the application or does it need to be provided separately?

Regards,

Andrew.

Subject: RE: SID Application Queries [Filed 08 Aug 2025 16:02]

Hi Andrew,

Further to your query regarding the subject matter, we can advise the following.

Given the nature of the subject proposals, covering an expansive area, we are satisfied that it would be impractical for the prospective applicant in these circumstances to provide all drawings at the scales normally required (i.e. for a standard planning application), and that it is reasonable for the drawing scales to be agreed in advance of lodging an application to An Coimisiún Pleanála.

The scales proposed for your drawings, as detailed in your email correspondence below, would appear reasonable in these circumstances. The stated approach in providing drawings illustrating detailed elements of the proposals at a metric scale of 1:500 would appear reasonable. This should also apply with respect to locations of joint bays, watercourse crossings and major junctions along the subject proposed grid-connection route, as well as other specific features of the proposed development.

The onus is on the prospective applicant to ensure that all of their application drawings are prepared at scales sufficient to allow An Coimisiún Pleanála and other parties to the application to understand and assess the siting, layout and other substantive elements of the subject development

If you have any further questions, please let me know.

Kind regards
Ellen Moss

Hi Lauren,

Apologies, in addition to the site notice locations, could you confirm the scales on the site location drawing (1:10,000 Drawing No. **6839-JOD-GGE-XX-DR-C-0100** and 1:5,000 Drawing No. **6839-JOD-GGE-XX-DR-C-0102**) and site layout drawings (1:1,000 Drawing No.s **6839-JOD-GGE-XX-DR-C-0201** to **6839-JOD-GGE-XX-DR-C-0209**) are acceptable?

We also have a couple of details drawings which are at 1:500 (Proposed Crane Hardstand Details Drawing No. **6839-JOD-GGE-XX-DR-C-0501**) and 1:1,000 (Proposed Wind Turbine Elevations Drawing No. **6839-JOD-GGE-XX-DR-C-0504**). Are these scales ok for you?

If you need anything else please contact me.

Regards,

Andrew.

Hi Lauren,

Please see attached drawings with the site notice and directional site notice locations marked on. Any comments let me know.

Regards,

Andrew.

Hi Andrew,

If you want to send on the site location drawing of site notice locations and I can see if I can get this checked for you?

Kindest Regards,
Lauren

Thanks Lauren,

Just wondering if you had any feedback on my other query?

Also, in terms of site notice locations, is there someone I could send the location drawing to, to confirm the locations are ok/sufficient?

Regards,

Andrew.

Hi Andrew,

I can confirm the following:

- You are required to publish notice in one national and one local newspaper; we do not have a sample list but national newspapers such as the Irish Independent are acceptable.
- 2 hard copies and 8 soft copies of the entire planning application are required
- A CD or USB copy of the documentation is acceptable.

I hope this was helpful.

Kindest Regards,
Lauren Murphy

Hello Davina,

As discussed, we are planning on submitting an SID application in about 3 weeks time (we had the pre-application a while back – Ref: ABP-319139-24) and I have a couple of queries which maybe you can help with:

- Do you have a list of approved newspapers?
- How many hard copies of the application docs, EIAR, drawings etc do you require?
- Is a CD of the project docs accepted or do you need USB drives?

- How many CDs/USBs of the application do you require?

Also, in terms of site notice locations, is there someone I could send the location drawing to, to confirm the locations are ok/sufficient?

Kind regards,

Andrew O'Grady
