Re: Proposed Port Extension and development of port facilities to support Offshore Renewable Energy ('ORE') at Port of Waterford, Belview, Co. Kilkenny

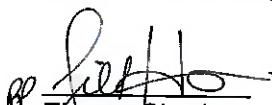

Dear Sir/Madam,

I refer to your letter dated 24th April 2026 setting out a request for further information in respect of this proposed development. It is noted that the applicant is requested to submit the further information within the period of three months from the date of the request. In the event that the applicant requires additional time to respond an extension of time must be requested in writing prior to the expiration of the initial three month period. It is hereby requested that an extension of time of four months be provided, to 24th November 2026, to the applicant to respond to the request for further information.

The reason why the extension of time is required is that a licence has been granted under a separate code, the terms of which is subject to clarification with MARA.

It is noted that the extension of time must be requested and agreed in advance of 24th July 2026 and it is hereby requested that the extension be agreed in advance of that date by the Commission.

Yours sincerely
for Malone O'Regan
