Many thanks Darryl,

The Commission acknowledges receipt of your email below and notes the revised document enclosed and clarification regarding the drawings submitted.

Kind regards,
Muirín

Subject: Case Reference: JP11.323606 - Response Report

You don't often get email from dwylie@vandijkarchitects.com. [Learn why this is important](#)

Caution: This is an **External Email** and may have malicious content. Please take care when clicking links or opening attachments. When in doubt, contact the ICT Helpdesk.

Hi Muirín,

Further to our conversation this morning, please see the below WeTransfer link (issued due to file size limitations) containing the revised FI Response Report, including Appendix 9 – Construction Environmental Management Plan, which has now been updated to remove the “Draft” status. For completeness, I have also attached the standalone CEMP report separately.

<https://we.tl/t-LLuav5XwMN9cmLXx>

I can also confirm that the consulting engineers, Hayes Higgins Partnership, have advised that the external detail drawing (C-050-058) and the proposed boundary wall layout drawing (C-070) are not relevant to the FI response and therefore do not require submission as part of this response.

Should you experience any issues accessing the WeTransfer link, please let me know and we can issue the files in an alternative format.

Kind regards,

Darryl Wylie
