

We wish to lodge an objection with An Bord Pleanála to the Garrane Green Energy Wind Farm located in the townlands of Garrane, Ballynagoul and Creggane, Co. Limerick. (323635).

The grounds for our objection are the following:

- It's close proximity to our family home and the homes of the neighbouring families in our community.
- The astronomical height of these 9 mega wind turbines.
- The constant noise that will be generated from these structures.
- The massive volume and size of construction that will travel on the road outside our home which is no bigger than a country lane.
- The probable devaluation of our house which we worked long and hard hours for to provide for ourselves and our children. This has happened in other areas where similar projects have arrived.
- The continuous flicker and shadowing that occurs from these monstrosities.
- The impact that this will have on our mental health as we work shift hours and will not be able to sleep during the construction of these.
- 'Why do these monstrosity eyesores have to be built in residential areas?'

John and Marie O'Brien.

Laccaleen, Garrouse, Bruree, Co. Limerick. V35 T046.
