SITE NOTICE

Planning and Development Acts 2000 (as amended)

Notice of Direct Planning Application to An Coimisiún Pleanála in respect of a Strategic Infrastructure Development, County Galway.

In accordance with section 37E of the Planning and Development Act 2000 (as amended), RWE Renewables Ireland Limited gives notice of its intention to make an application to An Coimisiún Pleanála for permission for a period of 10 years, for development comprising the construction of a wind farm and related works within the townlands of Beagh, Beagh More, Cloonbar, Cloonweelaun, Cloonnaglasha, Cloonteen, Corillaun, Derrymore, Ironpool, Shancloon, Toberroe and Tonacoolen, County Galway.

This development is covered by the provisions of the Renewable Energy Directive III (Directive 2023/2413) and the planning application is subject to a completeness check under section 37JA of the Planning and Development Act, 2000, as amended by the European Union (Planning and Development) (Renewable Energy) Regulations 2025.

The proposed development will comprise:

- i. Construction of 11 no. wind turbines with a ground to blade tip height range of 179.25 m to 180 m. The wind turbines will have a rotor diameter ranging from 149.1 m to 155 m and a hub height ranging from 102.5m to 105m.
- ii. Construction of permanent turbine foundations and crane pad hardstanding areas and associated drainage;
- iii. Construction of 13,725 m of internal access tracks and associated drainage infrastructure (of which 1,770 m will be floated road);
- iv. Upgrading of 3,565 m of existing tracks and road and associated drainage infrastructure;
- v. Construction of 1,180 m of temporary access track to facilitate HDD cable crossing of the Togher River;
- vi. Creation of 1 no. new construction and operation access to the wind farm Site from the L-2234 local road and one road crossing of the L-2220-21 local road;
- vii. All associated drainage and sediment control including interceptor drains, cross drains, settlement ponds and swales;
- viii. Installation of new watercourse crossings including 1 no. 18.5 m single span bridge crossing and 14 new piped culverts;
- ix. All associated excavation, earthworks and spoil management;
- x. 3 no. temporary construction compounds and associated ancillary infrastructure including parking;
- xi. Construction of 1 no. permanent onsite 110kV electrical substation, associated new access road off of the L-6100 local road, and associated construction compound including: Welfare facilities; Electrical infrastructure; Parking; Wastewater holding tank; Rainwater harvesting tank; and Security fencing;
- xii. Works associated with the connection of the wind farm to the national electricity grid, which will be via a loop-in 110 kV underground cable connection 650 m in length to the existing Cashla-Dalton 110 kV overhead line in the townland of Tonacoolen, with two new 16m high steel loop-in lattice tower end masts for loop-in connection at the connection point.
- xiii. Installation of 33 kV medium voltage electrical and communication cabling underground between the proposed turbines and the proposed on-site substation and associated ancillary works including Control Building;
- xiv. Erection of 1 no. permanent meteorological mast to a height of 110 m above ground level with a 4m lightning pole on top.
- xv. Turbine Delivery Accommodation works:
 - R332 / L6483 Junction (Beagh townland) - temporary load bearing surface will be laid and the drainage ditch temporarily culverted. Vegetation will be cleared. One utility pole will be temporarily removed.
 - On the L6483 (Beagh, Cloonweelaun and Ironpool townlands), temporary load bearing surface will be laid to provide a minimum 4.5 m running width and a 5.5 m clearance width for turbine delivery.
 - L6483 (Ironpool townland) – temporary load bearing surface will be laid and vegetation will be cleared. Two road signs will be temporarily removed.
- xvi. Felling of 0.54 ha of conifer plantation forestry;
- xvii. 2,032 m Treeline/hedgerow removal; and
- xviii. 9.7 ha of Biodiversity Enhancement lands plus 2,457.50 m of hedgerow/treeline planting.

A 30-year operational life from the date of full commissioning of the entire wind farm (including meteorological mast) is being sought. This reflects the lifespan of modern-day turbines.

A permanent planning permission is being sought for the 110 kV electrical infrastructure (loop-in grid connection and substation) as these will become an asset of the national grid under the management of EirGrid and will remain in place upon decommissioning of the wind farm.

A design flexibility opinion issued by An Coimisiún Pleanála (Case Reference ABP -321495-24) on 13th June 2025 accompanies this application. The details unconfirmed in this application are the turbine tip height, rotor diameter and hub height. The range of parameters under which the turbine dimensions will fall are specified on this site / newspaper notice and in the design flexibility opinion that accompanies this application.

An Environmental Impact Assessment Report (EIAR) and Natura Impact Statement (NIS) have been prepared in relation to the project and accompany this planning application. The EIAR and NIS is prepared in respect of the construction, operation and, decommissioning of the proposed development and works to facilitate turbine delivery from the port of entry of Galway to the site entrance at Cloonaglasha via the Lough Atalia Road, College Road/R339, Connolly Avenue, Tuam Road/R336, N6, M6, M17, N17, R332 and the L6483.

The planning application, Environmental Impact Assessment Report (EIAR) and Natura Impact Statement (NIS) may be inspected free of charge or purchased on payment of a specified fee (which fee shall not exceed the reasonable cost of making such copy) during public opening hours for a period of seven weeks commencing on **29th September 2025** at the following locations:

- The Offices of An Coimisiún Pleanála, 64 Marlborough Street, Dublin 1 (9:15am – 5:30pm, Monday to Friday).
- Galway County Council, Planning Department, County Hall, Prospect Hill, Galway.

The application may also be viewed /downloaded on the following website: www.ShancloonWindFarmSID.ie

Submissions or observations may be made only to An Coimisiún Pleanála (“the Commission”) in writing or online at www.pleanala.ie, 64 Marlborough Street, Dublin 1, D01 V902 during the above-mentioned period of seven weeks relating to:

- i. The implications of the proposed development for proper planning and sustainable development of the area concerned, and

- ii. the likely effects on the environment of the proposed development, if carried out, and
- iii. the likely effects of the proposed development on a European site, if carried out.

Any submissions/observations must be accompanied by a fee of €50 (except for certain prescribed bodies) and must be received by An Coimisiún Pleanála not later than 5:30 p.m. on **17th November 2025** and must include the following information:

- the name of the person making the submission or observation, the name of the person acting on his or her behalf, if any, and the address to which any correspondence relating to the application should be sent,
- the subject matter of the submission or observation, and
- the reasons, considerations and arguments on which the submission or observation is based in full (Article 217 of the Planning and Development Regulations 2001, as amended, refers).

Any submissions or observations which do not comply with the above requirements cannot be considered by the Commission. The Commission may at its absolute discretion hold an oral hearing on the application (refer to “A Guide to Public Participation in Strategic Infrastructure Development” at www.pleanala.ie).

The Commission may in respect of an application for permission/approval decide to -

1. grant the permission/approval, or
2. make such modifications to the proposed development as it specifies in its decision and grant permission/approval in respect of the proposed development as so modified, or
3. grant permission/approval in respect of part of the proposed development (with or without specified modifications of the forgoing kind), and any of the above decisions may be subject to or without conditions, or
4. refuse to grant the permission

Any enquiries relating to the application process should be directed to the Strategic Infrastructure Development Section of An Coimisiún Pleanála (Telephone: 01 8588100).

A person may question the validity of any such decision of the Commission by way of an application for judicial review, under Order 84 of the Rule of the Superior Courts (S.I. No. 15 of 1986, as amended by S.I. No 691 of 2011), in accordance with Section 50 of the Planning and Development Act, 2000, as amended.

Practical information on the review mechanism can be accessed on the Commission Pleanála’s website <https://www.pleanala.ie/en-ie/home> or on the Citizens Information Service website, www.citizeninformation.ie

Signed:  **Rita Mansfield**
