**Subject: Objection to the Proposed Shancloon Windfarm**

Dear Sir / Madam,

I am writing to object to the proposed Shancloon Windfarm development (Ref: 323699).

Kilconly has always been a very special place to me and my family. One of the greatest strengths of this area is the strong community spirit — people look out for one another, support each other and work together for the good of the place. It has always felt like a welcoming and safe environment, and it was a wonderful place for my husband and I to raise our two daughters.

I also value the peace and quiet of our local surroundings. The countryside, the views and the beautiful walking routes, especially around the bog, are a huge part of what makes the area unique. I am very worried that this proposed windfarm will destroy the natural environment that we have always been able to enjoy and take pride in. The bog in particular is a sensitive, important landscape, and I fear that once it is disturbed or changed, it will never return to what it was.

I believe that this project poses a serious risk to the character, tranquillity and natural beauty of our community, and I do not want to see what we have built and cared for over the years lost.

For these reasons, I respectfully ask that planning permission for this development be refused.

Thank you for taking my submission into consideration.

Yours sincerely,

Mary Nolan
