Your Ref: Proposed Wind Farm at Cooloo, Moylough, Co. Galway.

To Whom it Concerns,

This letter is to certify that Sean Donoghue of Cooloo, Moylough, Co. Galway has a diagnosis of Severe Intellectual Disability (including having significant communication difficulties, being non-verbal), Epilepsy and Autistic Spectrum Disorder (ASD).

It is well recognised in the medical community that those individuals diagnosed with ASD often present with sensory processing difficulties and can become distressed by sounds, smells, lights, in their environment.

It is also well established in the medical community that some individuals diagnosed with Epilepsy can have their Epilepsy triggered by flickering lights, objects, etc.

Hoping the above information can be taken into consideration re the current planning application for a wind farm at Cooloo, Moylough, Co. Galway.

Thanking you,

Aoife Murray,
Manager,
Mountbellew Day Services
RNID: 46630.
Teaching Council: 198143.
