Re: **Case reference: PAX07.323761**, Construction of wind energy development and all associated works by Neoen Renewables Ireland Limited

Dear An Coimisiún Pleanála,

The Board of Management of Brierfield National School notes the submission of a planning application to An Coimisiún Pleanála for the *Construction of wind energy development and all associated works* by *Neoen Renewables Ireland Limited*, located within *Cloondahamper, Cloonascragh, Elmhill, Cooloo, Lecarrow, Dangan Eighter, Lissavally and Slievegorm, Co.Galway*, Case reference: PAX07.323761.

Brierfield National School is the nearest school to the proposed development, located approximately 1.3 km from the closest turbine. As a rural primary school with an enrolment of 80 children aged 4–13 years, the education and welfare of our pupils and staff is always our foremost priority.

We are deeply concerned that this development will cause a decline in our potential school community numbers due to a lack of housing development in the area. We also respectfully ask An Coimisiún Pleanála to consider the impact of increased construction traffic on our school community.

We trust that, in making its decision, An Coimisiún Pleanála will give full and serious consideration to the position of our school community.

Thank you for taking the time to review this submission.

Yours faithfully,
Board of Management
Brierfield National School
Brierfield, County Galway
