Re: 10 year planning permission for Ballinlee Wind Farm consisting of 17 no. wind turbines, a permanent 110kV substation and ancillary development. Located in Ballincurra, Ballingayrou, Ballinlee North & South, Ballinrea, Ballyreesode, Camas North & South, Carrigeen, Knockuregare, Ballybane and other townlands in County Limerick.

To Whom It May Concern,

I Eddie Corkery, write in connection with the above listed planning application at Ballincurra, Ballingayrou, Ballinlee North & South, Ballinrea, Ballyreesode, Camas North & South, Carrigeen, Knockuregare, Ballybane and other townlands in County Limerick.

I wish to object strongly to this proposal and ask that the Board refuse planning permission.

Some of my summarised observations and concerns are as follows:

When I bought my site and built my house in 1975 I chose the site because of its quiet rural location in the midst of an agricultural community in a low lying area. I had a right to expect that it would not be converted into an industrial site with noisy and visually impactful machines. I am concerned about the health impacts from the noise and the shadow flicker. The turbines will be very close to my home and will destroy the quality of my life. I am also concerned that the value of my house will be reduced and I will be unable to sell it if that becomes necessary.

I strongly urge that this development be rejected for the reasons outlined above.

I request that for an Oral Hearing in relation to this wind farm application, for the reasons outlined above. In particular the proximity and impact this will have on Lough Gur, an architectural and archaeological site of international importance, and the impact on our Golden Vale's High Value

Landscape. Furthermore the scale of the project and the pattern of population distribution which will have widespread impact on our local community.

Kind Regards,

Name: Eddie Corkery
