

Re: Case No. 323780

To whom it may concern,

I own the property at the following address: Holycross, Bruff, Limerick V35 K294. I object to the Ballinlee Wind Farm proposed works (323780) on the following grounds:

- This proposal involves significant works along the road over an extended period of time, which will cause an obstruction in accessing my property and disrupt my ability to go about daily activities.
- The proposed wind turbines are of such height that my property may be affected by shadow flicker.

I also have concerns about how this proposal will impact the culturally significant area of Lough Gur and Grange, and generally, how this proposal could possibly fit in with the character of the area.

I trust you will give due consideration to these issues.
