Case Reference Number PAX91.323780

17th November, 2025

**Re: 10- year planning permission for Ballinlee Wind Farm consisting of 170 no. wind turbines, a permanent 110kV substation, underground electric cabling systems between the wind farm site and connection point at existing Killonan 220/110kV substation, and ancillary development.
Located in Ballincurra, Ballingayrou, Ballinlee North & South, Ballinrea, Ballyressode, Camas North & South, Carrigeen, Knockuregare, Ballybane and other townlands in County Limerick.**

To Whom it May Concern

We, Nicholas O'Carroll & Cassie O'Carroll, Holycross, Bruff, Co. Limerick V35XW84 write in connection with the above listed planning application at Ballincurra, Ballingayrou, Ballinlee North & South, Ballinrea, Ballyreesode, amas North & South, Carrigeen, Knckuregare, Ballybane and other townlands in County Limerick.

We recognise the importance of wind energy in meeting Ireland's National Renewable Energy targets and addressing climate change. However, this development is unsuitable for this location and fails to take proper account of the environmental, social and cultural impacts on the local area.

This wind farm would permanently alter the rural character of the area and expose nearby residents to health and amenity risks, devalue local properties, and threaten the long-term sustainability of our community. For these reasons, we ask that the Board refuse planning permission.
