## Document

I am and have been living in camass bruff for 72 years, grew up here spend all my time in the country, never had I ever thought a wind farm would be part of our scenery.

My family home that I worked so hard for to build and pay for is now under threat. Who wants to look out their window at these monstrosity or things.

The proposed entrence to one of these farms is within stones throw of my front gate. The disruption it is going to cause with be awful. How safe will it be for my grandchildren to visit me when all this heavy machinery will be on our road worse still outside my gate.

Who will want to come back to the family home when I am gone to look out at these not to mind the impact it will have on my family. What you work so hard for all your life to devalue your home is unacceptable.

I do not wish for this to go ahead.

Every year the swans that come to our carcass wjat will happen to them. There is not a year that goes by that it doesn't flood not to mention how many times the road has been resurfaced.
