Re: Section 50 application – Newport Ball Ally Footbridge, Co. Tipperary

Dear Mr. Frank O'Connor,

I refer to the above Section 50 application received by this office.

The documentation submitted has been examined and based on the Engineers assessment on behalf of the Commissioners of Public Works in Ireland, I confirm the consent of the Commissioners of Public Works under Section 50 of the Arterial Drainage Act, 1945, is granted to the proposed **clear-span footbridge at Newport Ball Ally, Co. Tipperary** as follows:

- The proposed bridge will be maintained by Tipperary County Council (and shall ensure all above responsibilities associated with the bridge are appropriately assigned going forward).
- The detailed design and construction of the bridge is the responsibility of the Tipperary City & County Council.
- It is the applicant's responsibility to satisfy themselves that all works are in compliance with current environmental legislation and in accordance with Inland Fisheries Ireland (IFI) and OPW guidance.

It should be noted that consent is granted only for the purpose of Section 50 and does not absolve the recipient of responsibility for any adverse effects caused by this installation to any third party.

The Commissioners of Public Works are not responsible and accept no liability for any loss or damage whatsoever caused as a result of this development. The Commissioners of Public Works must be informed of any amendments/alterations to the approved application before the works are undertaken.

Signed on behalf of the Commissioners of Public Works in Ireland.

Yours sincerely,

Amy Reid
