Re: The proposed development is for a mixed use development that seeks the regeneration and adaptive reuse of a strategic brownfield site, as part of the Limerick City and County Council 'World Class Waterfront revitalisation and transformation project' 'Cleeves Riverside Quarter' in the townland of Farranshone More in Limerick City.

Dear Sir / Madam,

An Coimisiún Pleanála has received your recent submission in relation to the above mentioned proposed development and will take it into consideration in its determination of the matter. Please accept this letter as a receipt for the fee of €50 that you have paid.

Please note that the proposed development shall not be carried out unless the Commission has approved it or approved it with conditions.

If you have any queries in relation to the matter please do not hesitate to contact the undersigned officer of the Commission at laps@pleanala.ie

Please quote the above mentioned An Coimisiún Pleanála reference number in any correspondence or telephone contact with the Commission.

Yours faithfully,

Breda Ingle
Executive Officer

To Whom It Concerns

On behalf of University of Limerick, I am writing to express our support for Limerick Twenty Thirty DAC's planning application for the redevelopment of the Cleeves Riverside Quarter. This project represents a transformative opportunity for Limerick and the wider region in addressing long-standing challenges in urban regeneration and unlocking the full potential of iconic and underutilised areas within the city.

This redevelopment along with a several others within the city are indeed strategically significant as this regeneration will breathe new life into historic locations and sites within the city by creating vibrant and modern spaces that integrates heritage with innovation.

By revitalising this area, the project will not only enhance the physical fabric of the city but also stimulate economic activity, attract investment, and foster a dynamic environment for business, culture, and community engagement while also promising substantial social and economic benefits.

As a university deeply committed to the region, to sustainability, and to stakeholder collaboration, we view this initiative as an inclusive aspect of Limerick's long-term growth strategy.

Yours sincerely
