

Site Access Track Cross Section
SCALE 1:30

Notes

All dimensions in millimeters unless otherwise noted.

Do not scale from drawings, use figured dimensions only.

The build-up shown is for the external access track, outside of the substation compound.

The access track may be widened in some locations to facilitate the delivery of the substation transformer. Such variations are indicated on the Site Layout Plan.

The engineering detail presented on this drawing is representative of all substation options as set out in this planning application.

Drawings are for planning only and should not be used for detailed design. The detailed design will be subject to EirGrid approval based on their latest specifications at the time, and equipment dimensions/siting may vary once the exact specification are determined
