**Re: Part X Planning Permission for Kingston Park and Millers Lane - Public Park and Urban Realm Project**

To whom it may concern,

The Board of Management of St John the Apostle Knocknacarra National School supports Galway City Council's application for planning permission for the Kingston Park and Millers Lane – Public Park and Urban Realm Project.

Furthermore, the Board consents to Galway City Council connecting to the drainage and roads system via school-owned lands as part of the proposed development.

Yours sincerely,
