Hi Aisling,

Sorry for the delay in getting back to you.

We have identified an issue with the dates on the site and newspaper notice in that they do not match and want to be transparent with you so that you can best advise on the way forward. We were not informed that the newspaper notice had been re-published in December, and the site notice was never updated at that time. As a result, the site notice still displays the previous date of 12/01/2026 instead of 14/01/2026.

I have attached correspondence from the client confirming that the site notice was erected on the 3/12/2025 but retained the old date. Could you advise on the appropriate next steps to resolve this.

Additionally, we received correspondence from you in relation to observations received. The deadline for responses was the 23rd of March 2026 and if the application is still valid, we would like to request an extension to this.

Appreciate any assistance you can provide in relation to these queries.

Hi Aisling,

Hope you are doing well.

I recently received the newspaper notice that was indeed published on the 18th of December and included the correct wording as you requested on the 17th of December. Apologies for the miscommunication, but please find the newspaper notice attached.

Hope this resolves the newspaper notice issue.

Hi Dillan,

Thank you for your email and for the update.

Yes, publishing in one national newspaper is sufficient.

We will review the newspaper notice for you, that is no problem.

If you have any other questions, please let me know.

Hi Aisling,

Thank you very much, I will appreciate if you can review the newspaper notice.

I am informing you that we had a project team change with Aidan (in cc) and I now dealing with the application going forward.

With the team change I would like to just get confirmation again that we are only required to publish the newspaper article in **one national newspaper** (i.e. Irish Independent). See attached previous correspondence where this was raised.

Once confirmed I will send the newspaper notice and date of publishing for you to review.

We look forward to wrapping this up.

Dear Cole,

As discussed by phone, it was noted in the published newspapers that the 9-day Christmas period was omitted. Please include this paragraph into both newspaper notices:

'The provisions of section 251 of the Planning and Development Act 2000 relating to the holiday period between the 24th December and 1st January, both days inclusive, have been taken into account in the calculation of the submission date. Your submission in response to this notice must be received by the Commission not later than 5.30 p.m. on the date specified above.'

Also please ensure you add on these 9 days on to the last day for submissions.

You can send me a draft of the newspaper notice if you wish and I can review it.

If you have any questions, please let me know.

Kind regards,
Aisling

For the attention of Aisling:

Good afternoon Aisling,

I am contacting you on behalf of Ayesa, as we are acting as agents for Donegal County Council in their submission for Planning Permission for construction works at Port Pier Inver, Co. Donegal, from An Coimisiún Pleanála. Pre-planning was undertaken for these works, under reference number (PP/6830).

The site notice has been put up at Port Pier, and newspaper notices have been published in today's issues of the Donegal Democrat and Irish Independent. Below is a link to access the soft copy of the complete planning pack, as required for submissions regarding permission of projects under Section 177AE. I called the ACP offices earlier today and was informed two hard copies were needed as well – those will be mailed across to the ACP offices in Marlborough Street, Dublin, soon.
