Dear Ida,

I have been asked by An Coimisiún Pleanála to refer to your email dated 4 September 2026.

The Commission requests that you indicate whether it is your intention to cancel the meeting scheduled for the 22nd September 2026. If it is still your intention to proceed with this meeting, please withdraw your request for closure.

Please also be advised that in line with recent legislation change, it is now possible to seek an EIA scoping opinion prior to closing the SID determination.

Yours faithfully,
Ellen Moss
Executive Officer

Dear Sir/Madam,

Thank you for facilitating the third SID meeting on 22nd September 2026 in relation to the proposed Kilmichael Wind Farm development (Ref: ACP-323955-25).

In this regard, we note that the commencement of Part 4 of the Planning and Development Act 2024 (the “2024 Act”) is scheduled for 30th September 2026, together with the associated repeal of the relevant consent provisions of the Planning and Development Act 2000 (as amended) (the “2000 Act”).

Section 116(10) of the 2024 Act provides that:

(10) Where a person is served with a notice under paragraph (a) of subsection (4) of section 37B of the 2000 Act before the repeal of the said section 37E by [section 6](#) of the 2024 Act, the notice shall be

Against this background, and in advance of the meeting on 22nd September, we would be grateful if ACP could, if possible, outline any information and/or advise focus of particular matters it requires from the Applicant for our presentation in order to enable ACP to issue the notice under section 37B(4)(a) of the 2000 Act. This is particularly important to the Applicant in seeking, where possible, to progress and conclude the current SID pre-application process within the existing statutory framework. Our request is intended to provide procedural certainty in respect of the pre-application consultation undertaken to date and to facilitate an orderly transition between the 2000 Act and the 2024 Act.

Separately, should the SID opinion notice not issue prior to 30th September 2026, we would be grateful if ACP could clarify what transitional arrangements or protocol will apply to the consultation undertaken to that date. In particular, it would be helpful to understand whether the consultations and information submitted under the 2000 Act will be carried forward and have full regard in any subsequent process under the 2024 Act, and whether any further consultation or procedural steps would be required.

We would appreciate ACP’s clarification on these matters at the meeting on 22nd September 2026, particularly in the context of confirmation of the Applicant’s request for close-out.

Should you require any further information in addition to the presentation scheduled to follow, please let us know and we would be happy to provide this in advance of the meeting on 22nd September.

Kind regards,
Robyn
