Re: The proposed expansion of the existing landfill facility at the existing Knockharley Landfill in the townlands of Knockharley, Flemingstown and Tuiterrath Navan, Co. Meath

Dear Sir / Madam,

An Coimisiún Pleanála has received your recent submission in relation to the above mentioned proposed development and will take it into consideration in its determination of the matter. Please accept this letter as a receipt for the fee of €50 that you have paid.

The Commission will revert to you in due course with regard to the matter.

Please be advised that copies of all submissions / observations received in relation to the application will be made available for public inspection at the offices of the local authority and at the offices of An Coimisiún Pleanála when they have been processed by the Commission.

More detailed information in relation to strategic infrastructure development can be viewed on the Commission's website: www.pleanala.ie.

If you have any queries in the meantime please contact the undersigned officer of the Commission. Please quote the above mentioned An Coimisiún Pleanála reference number in any correspondence or telephone contact with the Commission.

Yours faithfully,

Eimear Reilly

**RE: SID application - Proposed expansion of Knockharley Landfill, Navan, Co. Meath Case
Reference PA17.323977**

Dear Secretary,

TII has received referral of the above proposed development and submits the following observations for the Boards consideration:

TII acknowledges that the subject site utilises an existing direct access to the N2, national primary road, at a location on the network subject to a 100kph speed limit. With reference to the provision of such an access, the Board will be aware that the DoECLG Spatial Planning and National Roads Guidelines advise, in relation to access to national roads at locations where a speed limit greater than 60kph applies, that the policy of the planning authority will be to avoid the creation of any additional access point from new development or the generation of increased traffic from existing accesses to national roads.

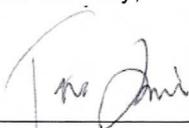

The Board will also note that Section 2.6 of the DoECLG Guidelines also provide for 'exceptional circumstances' where a less restrictive approach to the general policy on controlling access to national roads can be applied to developments of national and regional strategic importance, but only as part of reviewing or varying relevant development plans.

In that regard, TII acknowledges that following consultation with Meath County Council during the preparation of the Meath County Development Plan, 20, provisions were agreed for inclusion in the Development Plan relating to access to the N2, national primary road, at Knockharley. Section 5.9.4 and Map 5.5.36 of the Meath County Development Plan, 2021– 2027, refers.

Having regard to the foregoing, TII has no objection in principle to access proposals outlined in the subject application subject to compliance with Section 5.9.4 of the Meath County Development Plan, 2021– 2027, and standard road safety considerations.

Please acknowledge receipt of this submission.

Yours faithfully,

Head of Land Use Planning
