Re; **BarrowSurface water abstraction at Srowland- Athy**

Dear Sir/madam,

I understand that Irish Water consider that there is spare water available from Srowland Athy. This is not so because the Interference Notice I issued to Kildare County Council on the 18th January 2002 and on the 10th March 2003 still remains unchallenged. I attach for your convenience the Interference Notice and the Notice to Navigation authorities and I await your response.

Yours Sincerely

Michael Hoey
