Date: 08 April 2026

Re: Proposed development under sections 175 and 177AE of the Planning and Development Act 2000 (as amended) and the Planning and Development Regulations 2001-2005 (as amended) for proposed coastal and flood risk management works. A Natura Impact Statement (NIS) and an Environmental Impact Assessment Report (EIAR) have been prepared in respect of the proposed development.
Burrow, Portrane, County Dublin

Dear Sir / Madam,

An Coimisiún Pleanála has received your recent submission in relation to the above-mentioned proposed development and will take it into consideration in its determination of the matter. Please accept this letter as a receipt for the fee of €50 that you have paid.

Please note that the proposed development shall not be carried out unless the Commission has approved it or approved it with conditions.

If you have any queries in relation to the matter, please do not hesitate to contact the undersigned officer of the Commission at laps@pleanala.ie

Please quote the above mentioned An Coimisiún Pleanála reference number in any correspondence or telephone contact with the Commission.

Yours faithfully,

Eimear Réilly
Executive Officer

RE: Planning Application – Case No: 324069

The Burrow Portrane Coastal Flooding and Erosion Risk Management (CFERM) Scheme

Dear Sir / Madam,

With regard for the above referenced application, I wish to record my full support for the:

- Construction of seven fishtail (Y shaped) groynes structures with a beach nourishment scheme.
- Construction of a c. 190m long earth embankment;
- Construction of a combined c. 130m long sheet piled flood wall and a c. 200m embankment;
- Installation of back drainage behind the proposed defences with associated outfalls;
- Installation of non-return valves to existing outfalls to prevent backflow of water from the estuary;

these works are now critical and essential for the protection of our community.

Our cabin has been in our family for 3 generations and my children and nephews have all been born down there. It is an absolute vital part of keeping our family together. We have contributed for the last 50 years in the local community and have engaged in all local activities going back as long as sports days in St Ita's and beach cleanup's over all those years. Portrane means everything to us so much so we have our mothers ashes buried at the bottom of the garden. We would be devastated as a family to lose all these memories and future memories to coastal erosion.

Yours sincerely,

Geoff Carragher
