Approval for the proposed scheme

To whom it may concern

My name is Josh Hand. I am in full support of the proposed solutions for Portrane beach. As a local, I've witnessed firsthand the impact of erosion on our beloved coastline, and these groynes are designed to mitigate those effects. It will protect homes from being washed away.

Beyond the environmental benefits, the groynes also promise to enhance the overall quality of life in Portrane. By preserving the beach, we're not only protecting a natural asset but also supporting local tourism and recreational activities. This project is an investment in the future of our community, ensuring that Portrane remains a cherished destination for both residents and visitors alike.

Thank you for taking the time to read my observation.

Kind regards,
Josh Hand
