The proposed development would negatively impact on my business, I have industrial kitchen which produce foods across the Galway area. I transport foods on a regular basics and the noise and air pollution will affect my business. The Health and safety risks will be increased. The Peaker Plant within 2km to my production kitchen will potentially affect the fresh produce and hot food i deliver on a daily basics. Standard of water and pollution

The development will increase traffic in the area which leads to congestion and delays on deliveries for my food business.

The size and design of the Peaker Plant development will not keep the countryside beautiful and natural. This may undermine the visual and arhitectual integrity of the area

There maybe adverse environmental impacts, ie water contamination, Increased pollution and potential strain on the infustructure.
