M28 Cork to Ringaskiddy Project

SID application by 'Ballinrea Solar Farm Ltd'

To Whom it Concerns,

The M28 Project Team has reviewed the proposed realignment of the cable from the L-2473-0 Shannonpark Road into adjacent lands. We note that the amendment reduces interaction with existing services on the public road and does not materially change the nature or extent of the interface with the M28 scheme.

On this basis, the M28 Project Team confirms that it has no objection in principle to the proposed amendment. This confirmation is provided on the understanding that:

- No encroachment onto M28 lands or infrastructure occurs without prior written agreement and the necessary licences or wayleaves.
- All works within the M28 scheme extents remain subject to standard safety coordination procedures between the respective project teams
- Ongoing coordination is maintained to ensure the works do not prejudice the construction or operation of the M28 scheme.

This letter may be submitted in support of the planning amendment application to An Coimisiún Pleanála.

Yours faithfully,

Eoin Bennett BE CEng MIEI
Senior Executive Engineer
Project Manager M28 Cork - Ringaskiddy
