I wish to make an observation on the above case currently with An Coimisiún Pleanála. My observation is that this development should be refused in its entirety. This is not a routine development considering the State's own Commission of Investigation says that burials are likely in this area and their locations are largely unknown. An Coimisiún Pleanála has refused major schemes within the Bessborough curtilage citing the direct unresolved risk of finding onsite burials. Therefore you must make a similar decision and refuse this development.
