Ref: 324153 – Development at Bessorough, Ballinure, Blackrock, Cork. Planning Authority Case
Reference: 2544442

Submission 1

I wish to formally object to the above proposed planning project at Bessborough, Blackrock and respectfully urge An Bord Pleanala to reconsider approving planning permission. This area is of significant importance given its connection to the Bessborough Mother and Baby Home and there has not been enough consideration given to the protection and preservation of the lands.

It is imperative that a thorough investigation of the lands be conducted prior to any development given the strong likelihood that the land is a burial ground for more than 900 babies.

Furthermore, I propose that part of the Bessborough site be designated as a memorial park to honour the memory of those who resided at and were affected by the Bessborough Mother and Baby Home.
