

An Coimisiún Pleanála Case Number: 324153

Bessborough, Cork.

A Chairde,

I beg you not to permit construction at this sensitive site. As a city, and as a community, we need to allow for further exploratory work to analyse the history of this ground, and to establish once and for all whether the bodies of innocent children are buried there. We share the grief and trauma of their families, and we raise our voices in their defence. Please do not turn your backs on this living grief. Impím oraibh.

Le meas,

Doireann Ní Ghríofa
