## Cultural Heritage

CH No.	Townland	Description	Nearest Turbine	Distance	Sensitivity of Receptor	Impact type	Magnitude of Impact	Significance of Effect/ Residual Effect
CH1	Moheragh	A small dwelling in the townland of Moheragh. The buildings is rectangular in plan with two smaller sheds or out buildings to the front. There are buildings present at the site on aerial imagery which may be historical in	T6	465m west	Medium	Indirect, negative	Low	Slight

		nature. A field inspection confirmed the possibility of a barn of historic origins.						
CH2	Doorish	A small dwelling in the townland of Doorish. There are two buildings are depicted on the 1834 and 1905 OS maps. Modern aerial imagery shows a large farmyard which may have buildings of a historic nature in situ.	T10	911m east	Low	Indirect, negative	Low	Imperceptible
CH3	Doorish	A small dwelling in the townland of Doorish. There are two buildings on the 1834 and 1905 OS maps. Modern aerial imagery depicts a building with a barn to the rear. The building appears to have been extended.	T10	1.39km southeast	Low	Indirect, negative	Low	Imperceptible
CH4	Doorish	A small dwelling in the townland of Doorish. There is a single building depicted on the 1834 and 1905 OS maps. Modern aerial imagery shows a small building the front a farm yard with a large modern house to the east and barns to the rear.	T10	1.4km southeast	Very Low	Indirect, negative	Low	Imperceptible
CH5	Doorish	A small dwelling in the townland of Doorish. There is a single building depicted on the 1834 and 1905 OS maps. Modern aerial imagery shows a small building within a yard space similar to that depicts on the historic mapping. Three buildings are now depicted on the site; historic fabric may remain within one of the buildings.	T10	1.6km southeast	Very Low	Indirect, negative	Low	Imperceptible

CH6	Carrowkeale	Two dwellings in the townland of Carrowkeale. The buildings are seen on the 1843 and 1905 OS maps. The buildings a rectangular in shape and set out in an I-shape. Modern aerial imagery depicts two buildings also in an I-shape with an additional red barn to their northeast.	T10	1.39km southeast	Very Low	Indirect, negative	Low	Imperceptible
CH7	Carrow	A small group of four buildings are depicted set back from the road in the townland of Carrow. The buildings are seen on the 1843 and 1905 OS maps. Modern imagery show the buildings appear to be in situ with additional barns and buildings added. Some of the historic buildings may have been rebuilt.	T12	1.59km southeast	Very Low	Indirect, negative	Low	Imperceptible
CH8	Carrow	A small group of three buildings are depicted set back from the road in the townland of Carrow. The buildings are seen on the 1843 and 1905 OS maps. Modern imagery depict three buildings laid out in a similar location to that seen on the OS Maps.	T12	1.62km southeast	Very Low	Indirect, negative	Low	Imperceptible
CH9	Carrow	A small group of three buildings are depicted set back from the road in the townland of Carrow. The buildings are seen on the 1843 and 1905 OS maps. Modern imagery depicts what appears to be ruined buildings at the site. There remains the possibility of historic fabric being present at the site.	T12	1.6km southeast	Very Low	Indirect, negative	Low	Imperceptible

CH10	Carrow	A vernacular building with an outbuilding to its east in the townland of Carrow. The buildings are depicted on the 1843 and 1905 OS maps. Aerial imagery depicts a modern house in front of two buildings. The two buildings to the rear are set out in a similar footprint to that on the OS map.	T12	816m south	Very Low	Indirect, negative	Low	Imperceptible
CH11	Carrow	Depicted on the 1843 OS map as a small group of buildings set back from the road in the townland of Carrow. The buildings also appear on the 1905 OS map. Modern imagery depicts a large modern farmyard. Several buildings may be that of those seen on the 1843 OS map and historic fabric is likely to remain.	T12	778m south	Very Low	Indirect, negative	Low	Imperceptible
CH12	Carrow	A large cluster of buildings in the townland of Carrow. Depicted on the 1843 and 1905 OS maps. This group of buildings are depicted surrounding a central courtyard/farmyard. Modern imagery depicts a large farmyard laid out in a similar format to that of the OS maps. A large additional to the northeast of the main group of buildings can be seen.	T12	1.34km south	Low	Indirect, negative	Medium	Slight
CH13	Carrow	A small group of buildings located in the townland of Carrow. The buildings are seen on the 1843 and 1905 OS maps. Aerial imagery depicts a large number of changes to the site however there	T12	1.77km south	Very Low	Indirect, negative	Medium	Imperceptible

		remains the possibility of historic remaining on the site.						
CH14	Scarrough	Two clusters of buildings separate by a road located in the townland of Scarrough. These buildings are depicted on the 1843 and 1905 OS maps. Aerial imagery depicts an extensive farm which incorporates both sets of buildings. There remains a possibility for historic fabric to remain at this site.	T12	1km southwest	Medium	Indirect, negative	Low	Slight
CH15	Carrow	Carhue House' is depicted on the 1843 and 190 OS maps and named on the later iteration of the historic mapping. A farm is located at the site of the house with a similar layout although many new buildings are within the site.	T1	1.11km southwest	Very Low	Indirect, negative	Low	Imperceptible
CH16	Ballybrack	Two vernacular buildings in the townland of Ballybrack. The buildings are depicted on the 1905 OS map. Aerial imagery depicts only one of the buildings which appears to have been extended.	T13/GCR	1.82km/ 36m southwest/ southeast	Very Low	Indirect, negative	Low	Imperceptible
CH17	Moheragh	A vernacular building with an outbuilding in the townland of Moheragh. The buildings are depicted on the 1905 OS map. Aerial imagery depicts aa cottage and a barn not in use at this site.	T13	780m south	Very Low	Indirect, negative	Low	Imperceptible
CH18	Moheragh	A cluster of buildings in the townland of Moheragh. The buildings are depicted on the 1843 and 1905 OS maps. Aerial	T13	916m south	Very Low	Indirect, negative	Low	Imperceptible

		imagery depicts what appears to be a vernacular cottage which has been extended along with extensive farm buildings some of which may contain historic fabric.						
CH19	Moheragh	A cottage depicted on the 1843 and 1905 OS maps. Aerial imagery show the vernacular buildings has been extended.	T13/GCR	1.07km/21m southwest/east	Very Low	Indirect, negative	Low	Imperceptible
CH20	Moheragh	A group of three buildings depicted on the 1843 and 1905 OS maps. Aerial imagery shows a group of buildings in a similar layout to that on the historic maps.	T13	899m southwest	Low	Indirect, negative	Medium	Slight
CH21	Moheragh	Two buildings are depicted on the 1843 and 1905 OS maps. A well is located in the field to the west of the houses and labelled as 'well (covered0' on the 1905 OS map. Aerial imagery depicts two buildings in the same locations as those on the historic maps. There is evidence that those buildings have been extended however historic fabric is likely to remain. There is no evidence of the well to the rear.	T4	826m southwest	Low	Indirect, negative	Medium	Slight
CH22	Moheragh	A cluster of buildings in the townland of Moheragh. The buildings are depicted on the 1843 and 1905 OS maps. Aerial imagery depicts what appears to be two vernacular cottages which have been extended along with sheds which may be historic in nature.	T4	755m southwest	Low	Indirect, negative	Medium	Slight

CH23	Bonarea	A single vernacular building with tow outbuildings within the townland of Bonarea. These buildings are depicted on the 1843 ad 1905 OS Maps. Aerial imagery depicts a large modern barn in the area of the buildings, however a smaller building with a slate roof appears in the same location as one of the buildings on the historic maps.	T4	947m southwest	Very Low	Indirect, negative	Low	Imperceptible
CH24	Bonarea	Two buildings are depicted on the historic maps of 1843 and 1905. Aerial imagery shows two buildings in the same location as seen on the historic maps.	T8	1.61km southwest	Very Low	Indirect, negative	Low	Imperceptible
CH25	Bonarea	A small group of buildings seen on the historic maps. Aerial imagery depict a large barn on the site however a smaller building is located in a similar location to that of the historic maps.	T8	1.79km southwest	Very Low	Indirect, negative	Low	Imperceptible
CH26	Bonarea	A single building with an outbuilding to the west depicted on the 1843 and 1905 OS map. Aerial imagery depicts a large dwelling on the site which appears to have been extended considerably but may still contain historic fabric.	T8	1.89km southwest	Very Low	Indirect, negative	Low	Imperceptible
CH27	Bonarea	Two small building depicted on the 1843 and 1905 OS maps. A building is depicted on the aerial imagery now left to ruin which is in the same location as the OS maps.	T8	1.79km southwest	Very Low	Indirect, negative	Low	Imperceptible

CH28	Lackenacoombe	A vernacular cottage is depicted on the 1843 and 1905 OS maps in the townland of Lackenacoombe. Aerial imagery depict a building in the same location which appears to be in a ruinous condition.	T8	1.92km southwest	Very Low	Indirect, negative	Low	Imperceptible
CH29	Lackenacoombe	Lackenacoombe House and associated demesne (DL1). Comprises primarily woodland and parkland. A demesne landscape feature in the form of a tree ring is located to the southwest of the house (AH31). Aerial imagery depicts the demesne and house in a similar layout to that on the historic maps.	T8	1.28km southwest	Very Low	Indirect, negative	Low	Imperceptible
CH30	Glenpaudeen	A cluster of buildings and woodland depicted on the 1843 and 1905 OS maps. Aerial imagery depicts a large barn and several smaller buildings which may contain historic fabric.	T8	829m west	Very Low	Indirect, negative	Low	Imperceptible
CH31	Foilaclug	A single building is depicted on the 1843 OS map and additional buildings are seen on the 1905 iteration of the map. Aerial imagery shows a large farm at the site a small building to the south of the barns appears to be that on the one depicted on the historic maps.	T7	1.59km southwest	Very Low	Indirect, negative	Low	Imperceptible
CH32	Foilaclug	A vernacular cottage depicted on the 1843 and 1905 OS maps. Aerial imagery depicts a small building in the location of the historic maps.	T7	1.79km west	Very Low	Indirect, negative	Low	Imperceptible

CH33	Foilaclug	A small group of buildings located in the townland of Foilaclug. The buildings are seen on the 1843 and 1905 OS maps. Aerial imagery depicts a group of modern buildings however historic fabric may remain.	T7	1.83km west	Very Low	Indirect, negative	Low	Imperceptible
CH34	Foilaclug	A small structure is depicted set back from the road on the 1843 and 1905 OS maps. Aerial imagery depicts a modern dwelling to the front of the building however the historic building remains to the rear.	T7	1.88km west	Very Low	Indirect, negative	Low	Imperceptible
CH35	Foilaclug	A vernacular building and outbuilding is depicted on the 1943 and 1905 OS maps. Aerial imagery depicts a building in the same location as the historic maps.	T7	1.63km west	Very Low	Indirect, negative	Low	Imperceptible
CH36	Glenpaudeen	A group of buildings located on the 1843 and 1905 OS maps. The aerial imagery depict one of the buildings north of a group of modern barns.	T7	742m west	Very Low	Indirect, negative	Low	Imperceptible
CH37	Glenpaudeen	A single building is depicted on the 1905 OS map. Aerial imagery shows the footprint of a ruined building.	T7	356m west	Low	Indirect negative	Low	Imperceptible
CH38	Glenpaudeen	A group of buildings depicted on the 1843 and 1905 OS maps. Aerial imagery shows several additional buildings around the ones seen on the historic maps. A ruined building is seen in the	T7	826m northwest	Very Low	Indirect, negative	Low	Imperceptible

		same location as one of the buildings on the historic maps.
