

**CARRIGEEN RENEWABLE ENERGY DEVELOPMENT**  
**CO. ROSCOMMON**

**VOLUME IV**  
**APPENDICES**

**TABLE OF CONTENTS**  
**(Folder 1 of 3)**

| Appendix No. | Description   |
|--------------|---|
| 1.1          | Author Qualifications                               |
| 1.2          | Community Engagement Report                         |
| 1.3          | Scoping Responses                                   |
| 1.4          | Glossary of Common Acronyms                         |
| 1.5          | Cumulative Wind Farms                               |
| 2.1          | Construction Environmental Management Plan (CEMP)   |
| 2.2          | Harvest Management Plan (HMP)                       |
| 2.3          | Grid Connection Geophysical Investigation Report    |
| 2.4          | List of Projects for Cumulative Assessment          |
| 6.1          | Marsh Fritillary Survey Report                      |
| 6.2          | Biodiversity Enhancement and Management Plan (BEMP) |
| 7.1          | Bat Survey Data Tables                              |
| 7.2          | Bat Photographic Plates                             |
| 8.1          | Collision Risk Modelling                            |
| 8.2          | Vantage Point Survey Data Tables                    |
| 9.1          | Aquatic Ecology Survey Report                       |

**CARRIGEEN RENEWABLE ENERGY DEVELOPMENT****CO. ROSCOMMON****VOLUME IV****APPENDICES****TABLE OF CONTENTS****(Folder 2 of 3)**

| <b>Appendix No.</b> | <b>Description</b>   |
|---------------------|--|
| 10.1                | Preliminary Site Investigation Report  |
| 10.2                | Borrow Pit Assessment  |
| 10.3                | Peat Landslide Hazard Assessment   |
| 11.1                | Flood Risk Assessment  |
| 11.2                | Surface Water Management Plan  |
| 11.3                | Water Framework Directive (WFD) Assessment   |
| 11.4                | Consultation Records   |
| 12.1                | Visual Impacts Assessment at Representative Viewpoint Locations  |
| 13.1                | Noise Monitor In-situ  |
| 13.2                | Methodology for Calculating Wind Shear, Different Hub Heights and Standardising Hub Height Wind Speed  |
| 13.3                | Derived Background Noise Levels, Background Plus 5 Trendline with the Predicted Noise Levels against a Noise Limit of 43dB(A) at each Receptor |
| 13.4                | SoundPlan Noise Outputs  |
| 13.5                | Calibration Certificates of Noise Instruments  |
| 13.6                | Candidate Turbine Manufacturer's Performance Specification   |
| 13.7                | Noise Monitoring Programme   |

---

| Appendix No. | Description   |
|--------------|---|
| 15.1         | Heritage Impact Assessment (HIA)                              |
| 15.2         | Legislation Protecting the Archaeological Resource            |
| 15.3         | Legislation Protecting the Architectural Resource             |
| 15.4         | Assessment of Construction Phase Impacts                      |
| 15.5         | Assessment of Operational Phase Impacts                       |
| 9.1          | Scottish Government – Carbon Calculator Input and Output Data |
| 16.1         | Traffic and Transport Assessment                              |
| 16.2         | Traffic Management Plan                                       |
| 16.3         | Turbine Delivery Route  |
| 16.4         | Stage 1 Road Safety Audit                                     |
| 19.1         | Carbon Calculator   |
