Re: Roscommon County Council Report – Proposed ‘Carrigeen Renewable Energy Development’
(Application for Strategic Infrastructure Development under Section 37E of the Planning and
Development Act 2000 (as amended)).

Dear Sir or Madam,

Further to the notification from An Coimisiún Pleanála (dated 1st April 2026) of the application made by Carragain Power Ltd. to the Commission under Section 37E of the Planning and Development Act 2000 (as amended) for the proposed ‘Carrigeen Renewable Energy Development,’ please find attached the report from Roscommon County Council, together a record of the associated resolutions of Members of the Authority (attached to the rear of the report).

In accordance with the requirements of Section 37E of the Act, the Chief Executive’s Report was submitted to the Members of the Authority for consideration and was formally discussed at the Plenary Council meeting on May 25th 2026. The Report sets out the position of the Local Authority in accepting the Chief Executive’s recommendation i.e. that it is not considered that the proposed wind energy development and associated grid connection can be endorsed by Roscommon County Council on the basis of the detail, analysis and justifications presented to date.

Yours sincerely,

Mary Grier,
Senior Planner
