Dear Sir/Madam

**Donegal TEN-T Priority Route Improvement Project**

Thank you for your recent correspondence in relation to the above-mentioned proposed development. Loughs Agency is the statutory body charged with the conservation, protection and development of inland fisheries within the Foyle and Carlingford systems, the promotion of development of Loughs Foyle and Carlingford, and catchments for commercial and recreational purposes in respect of marine, fisheries and aquaculture issues and the development of marine tourism.

Loughs Agency has considered the information provided within the Environmental Impact Assessment Report (EIAR) and its appendices. Loughs Agency are content with information put forward including proposed mitigation measures to protect fish species and the aquatic environment. Loughs Agency will process and consent to the Section 47 and 70 (Foyle Fisheries Act 1952 (as amended)) applications associated

with the proposed subject to the final Environmental Operating Plan incorporating all of the mitigation measures outlined within the EIAR.

The applicant should demonstrate best environmental practice when working close to watercourses. The potential for deleterious matter to enter a watercourse is of primary concern. Impacts on the aquatic environment such as a decrease in water quality can cause a significant impact upon various life history stages of fish species.
