

DESIGNING AND DELIVERING
A SUSTAINABLE FUTURE

Volume 4

EIAR Figures

Document	Associated Main Document/Chapter No.	Fig No.	Figure Title
EIAR	2	2.1	Site Location
EIAR	2	2.2	Site Layout
EIAR	2	2.2.1	Site Layout - 110kV Grid Connection
EIAR	2	2.2.2	Site Layout - 33kV Collector Network Route
EIAR	4	4.1	Wind Strategy Areas Cork County Development Plan
EIAR	6	6.1	Residential, Mixed Use and Commercial receptors within 2km o the Site Boundary
EIAR	6	6.2	Site Boundary for Coom Green Energy Park Grid Connection based on Electoral Divisions
EIAR	9	9.1	Map of habitats as described by Fossitt (2000) identified during the survey of the Proposed Development
EIAR	9	9.2	Map of invasive species recorded during the survey of the Proposed Development
EIAR	9	9.3	Hen Harrier VP Locations
EIAR	9	9.4	Hen Harrier Flight Lines
EIAR	10	10.1	Quaternary Geology
EIAR	10	10.2	Bedrock Geology
EIAR	10	10.3	Aquifer Classification and Groundwater Wells
EIAR	10	10.4	Groundwater Bodies
EIAR	10	10.5	Groundwater Vulnerability
EIAR	10	10.6	Public Supply SPA and Group Water SPA
EIAR	10	10.7	Karst Distribution
EIAR	10	10.8	Geological Heritage
EIAR	10	10.9	Economic Geology
EIAR	10	10.10	Crushed Rock Potential
EIAR	10	10.11	Granular Aggregate Potential
EIAR	11	11.1	Hydrology and Water Quality Study Area
EIAR	11	11.2	Flood Mapping
EIAR	11	11.3	Surface Water Monitoring Locations
EIAR	11	11.4	Watercourse Crossings
EIAR	12	12.1	Development and Transport Network
EIAR	12	12.2	Haul Routes and Quarries
EIAR	12	12.3	Temporary Road Closure and Route Diversion Options
AA	NIS	Plate 2.1	The Proposed Development as part of the CGEP
AA	NIS	Plate 2.2	Watercourse crossing locations of the Proposed Development
AA	NIS	Plate 4.1	Special Areas of Conservation (SACs) within the Zone of Influence
AA	NIS	Plate 4.2	Special Protection Areas (SPAs) within the Zone of Influence
