PLANNING NOTICES

TIPPERARY COUNTY COUNCIL

We Roscrea Pastoral Council are applying for permission to install 110 Number Ground Mounted Solar Panels and all associated site works at St Cronins Catholic Church, Parkmore, Roscrea, Co. Tipperary. This development relates to a protected structure. This planning application may be inspected or purchased at a fee not exceeding the reasonable cost of making a copy, at the offices of the Planning Authority during its public opening hours and that a submission or observation in relation to the application may be made in writing to the planning authority on payment of the prescribed fee within the period of five weeks beginning on the date of receipt by the authority of the planning application.

PLANNING NOTICES

TIPPERARY COUNTY COUNCIL

We, Cian and Shannon Fogarty intend to apply for planning permission for a single storey extension to existing dwelling house comprising of a granny flat, installation of a waste water treatment system with soil polishing filter and including all ancillary associated site works at Ballinakill, Roscrea, Co. Tipperary. (E53CF76) The planning application may be inspected or purchased at a fee not exceeding the reasonable cost of making a copy at the offices of the Planning Authority during its public opening hours. A submission or observation in relation to the application may be made in writing to the Planning Authority on payment of the prescribed fee, €20, within the period of 5 weeks beginning on the date of receipt by the Authority of the application, and such submissions or observations will be considered by the Planning Authority in making a decision on the application. The planning Authority may grant permission subject to or without conditions or may refuse to grant permission.

PLANNING NOTICES

OFFALY COUNTY COUNCIL

I, Margaret Costello of MCO Engineering Ltd (085 2309026) is applying to Offaly County Council on behalf of her client Gill Family Farms Ltd for permission for the development at Derrydolney, Killcormac, Birr Co. Offaly. The development consists of the construction of a livestock underpass and effluent holding tank at Derrydolney Killcormac, Birr Co. Offaly. The project involves works beneath the N52, including associated site works and the repositioning of the existing north-ern farm entrance to facilitate the new underpass. The planning application may be inspected, or purchased at a fee not exceeding the reasonable cost of making a copy, at the offices of the Planning Authority during its public opening hours. A submission or observation in relation to the application may be made in writing to the planning authority on payment of the prescribed fee (€20) within the period of 5 weeks beginning on the date of receipt by the authority of the application. Signed: Gerard Buckley (www.GBDesign.ie)

Planning and Development Act 2000, as amended Notice of Direct Planning Application to An Coimisiún Pleanála Strategic Infrastructure Development Offaly and Tipperary County Council

In accordance with Section 37E of the Planning and Development Act 2000, as amended, we, RWE Renewables Ireland Ltd., give notice of our intention to make an application to An Coimisiún Pleanála (the "Commission") for permission for a period of 10 years (being the period within which the permitted development must be carried out), for development comprising the construction of a wind farm and related works within the townlands of Cloonaheen, Ballincor Demesne, and Curralanty, Co. Offaly, and Clonfree, Castletown and Cronckill, Co. Tipperary.

This development is covered by the provisions of the Renewable Energy Directive III (Directive 2023/2413) and the planning application is subject to a completeness check under section 37JA of the Planning and Development Act 2000, as amended and inserted by the European Union (Planning and Development) (Renewable Energy) Regulations 2025, as amended.

Certain details of the proposed development are unconfirmed in this planning application and an opinion on unconfirmed details from the Commission (Case Reference: ACP Ref. 322126-25) pursuant to section 37CD of the Planning and Development Act 2000 (as amended) accompanies this planning application. The details unconfirmed in this application are the turbine tip height, rotor diameter and hub height. The range of parameters under which the turbine dimensions will fall are specified on this site notice.

The proposed project is a renewable energy development and will constitute the provision of:

- Assembly of 11 Wind Turbine Generators (including tower sections, nacelle, hub, rotor blades) with an estimated capacity of 61.6 to 77 MW and a blade tip height between 179.5 and 180 m, rotor diameter between 149 to 163 m, hub height of between 98.5 and 105 m;
- Associated hardstanding and turbine foundations at each turbine location;
- Works along the public road and private land for a 12.23 km grid connection to the existing Dallow 110 kV substation including installation of 17 joint bays along the grid connection route ("GCR") which runs across the townlands of Cronckill, Castletown, Cornhill, Caherhoereigh, Pallas, Kyleneamuck, Tinnakilly, Ballyloughane, Killeen, Croghan, in Co. Tipperary and Townparks, Dovegrove, Woodfield or Tullynisk, and Clondallow in Co. Offaly;
- Turbine Delivery Accommodation works, road surfacing works, temporary wall/vegetation removal, load bearing surface will be laid to provide a minimum 4.5 m running width and a 5.5 m clearance width for turbine delivery at Sharavogue crossroads, Sharavogue, Co. Offaly;
- Upgrading of existing access tracks, construction of new founded access roads and floating roads. Total length of access roads is 9.7 km, and upgrades of two site entrances on R492 and L1071;
- Erection of 104 m permanent meteorological mast including lightning pole;
- All associated excavation, earthworks and spoil management, Surface water drainage system and sediment control; Installation of new clear span watercourse or drain crossings on proposed wind farm site; Excavation and restoration of three borrow pits (borrow pit 1 to borrow pit 3) and one peat deposition area;
- Wheel wash, security fencing & hut;
- Four Temporary construction compounds including site office and staff facilities;
- Installation of 33 kV medium voltage electrical and communication cabling underground between the proposed turbines and the proposed on-site substation and associated ancillary works; All electrical plant and infrastructure and grid ancillary services equipment;
- 110 kV electricity on-site substation and switch rooms; including one EirGrid control building containing welfare facilities and storeroom, wastewater and rainwater holding tank;
- One Independent Power Producer (IPP) control building containing HV switch room, site offices, welfare facilities, wastewater holding tank;
- One Battery energy storage system (BESS) control building containing worker welfare facilities and equipment store, wastewater holding tank; 90 BESS container units, inverters, underground water storage tank and associated works;
- All associated infrastructure and services including site works and temporary construction signage;
- Operational stage site signage;
- All related site works and ancillary development including berms, landscaping, and soil excavation;
- Tree felling (7.2 ha) and hedgerow removal (1.1 km) to facilitate construction and operation of the proposed project; and
- Biodiversity enhancement including hedgerow replanting (1.3 km), peatland enhancement and tree planting.

A 35-year operational life from the date of full commissioning of the wind farm is being sought for all associated works, together with the subsequent decommissioning of those works at the end of that operational period. The proposed onsite substation and grid connection will remain as permanent infrastructure forming part of the Irish national grid network and are not subject to the decommissioning requirement.

This application is accompanied by an Environmental Impact Assessment Report (EIAR) and a Natura Impact Statement (NIS) which pertain to the overall project as outlined above.

The planning application, the Environmental Impact Assessment Report (EIAR), and the Natura Impact Statement (NIS) may be inspected, free of charge or purchased for a specific fee not exceeding the reasonable cost of making a copy, during public opening hours for a period of 7 weeks commencing on 15th May 2026 at the following locations:

- The Offices of An Coimisiún Pleanála, 64 Marlborough Street, Dublin 1, D01V902
- The Offices of Offaly County Council, Áras an Chontae, Charleville Road, Tullamore, Co. Offaly, R35 F893
- The Offices of Tipperary County Council, Limerick Road, Nenagh, Co. Tipperary, E45A099

The planning application, including the EIAR and NIS, may also be viewed on the following website: www.BallincorWindFarmSID.ie

Submissions or observations may be made only to the Commission, at 64 Marlborough Street, Dublin 1, D01V902 in writing or online on the Commission's website www.pleanala.ie during the aforementioned period of 7 weeks

Any submissions or observations must be accompanied by a fee of €50 (except for certain prescribed bodies) and must be received by the Commission not later than 5.30pm on 3rd July 2026 and must include the following information; (i) The name of the person making the submission or observation, the name of the person acting on his or her behalf, if any, and the address to which any correspondence relating to the application should be sent; (ii) the subject matter of the submission or observation, and (iii) the reasons, consideration and arguments on which the submission or observation is based in full. (Article 217 of the Planning and Development Regulations 2001, as amended, refers.)

Any submissions or observations which do not comply with the above requirements cannot be considered by the Commission. The Commission may at its absolute discretion hold an oral hearing on the application. (For further details see 'A Guide to Public Participation in Strategic Infrastructure Development' on the Commission's website www.pleanala.ie). The Commission may in respect of an application for permission decide to - (a); (i) grant the permission; or (ii) make such modifications to the proposed development as it specifies in its decision and grant permission in respect of the proposed development as so modified or (iii) grant permission in respect of part of the proposed development (with or without specified modifications of it of the foregoing kind) and any of the above decisions may be subject to or without conditions, or (b) refuse to grant permission.

Any enquiries relating to the application process should be directed to the Strategic Infrastructure Section of the Commission (telephone no. 01-8588100).

Any person may question the validity of any such decision of the Commission by way of an application for judicial review, brought in accordance with Part 9 of the Planning and Development Act 2024 and the applicable Rules of the Superior Courts.

Practical information on the review mechanism can be accessed under the heading "Information on cases / Weekly lists" - Judicial Review of planning decisions, on the Commission's website www.pleanala.ie or on the Citizens Information Service website www.citizensinformation.ie.
