Hello,

Donegal County Council would like to formally request an extension to the 23rd of October 2026 to make a submission on the observations received in relation to ACP-324328-26 - Proposed Tullan Strand Facility Centre for Water Sports Activities and Accessible Pathway to Tullan Strand Beach.

A number of key team members including Civil Engineers, legal advisors and the ecologist responsible for preparing the supporting environmental reports, have been on leave and have only returned to work this week. Given the volume of submissions received and the level of queries raised, Donegal County Council requires additional time to review and prepare a response to each submission.

Kind Regards

John Deeney CEng MIEI
