**Re: Burnfoot Flood Relief Schemes – Planning Statement endorsement**

Dear Shane,

Having reviewed the Planning Statement for the proposed Burnfoot Flood Relief, I am satisfied that the scheme as proposed is in conformity with the Donegal County Development Plan 2024 to 2030 (as varied).

In my opinion, the proposed development gives effect to and facilitates the implementation of planning policy at national, regional and local levels.

Accordingly, I am therefore satisfied to endorse the proposed scheme for planning consent to the relevant Planning Authority.

Yours sincerely,
