SECTION 177AE – IDA

Belview Infrastructure

Development, Belview Slieverue

County Kilkenny

25/07/2026

Dear inspector

I wish to make a submission objecting to the above Planning of the new road. There was no sweep way done down my road to allow any big vehicles access to my property safely.

The installing of the bollards being placed outside my property which will be ending in a **cul-de-sac** will create significant access and safety concerns.

The bollards effectively will cut off direct access to my neighbour and leave insufficient space for large vehicles to manoeuvre safely in your proposed outside my house.

Of particular concern is emergency access, the restricted turning and reversing space could prevent or delay ambulances, fire service vehicles or other emergencies responders from reaching my property quickly when every minute is critical. In addition essential service vehicles including home heating oil tankers, delivery Lorries, refuse collection vehicles

, and other large trucks, do not have adequate room to reverse or turn safely because of the bollards.

This situation creates an unnecessary hazard for residents of visitors and has practical consequences for the day to day use of my property. The current layout appears over maintain safe and reasonable access for emergency and service vehicles.

I respectfully ask An Coimisiún Pleanála to take these issues into full consideration when determine the appeal. I request that particular attention be given to the impact on public safety emergency vehicles access and the ability of essential service vehicles to access the area safely.

Thank you for considering my submission
