

Doolough,
Geesala,
Ballina,
Co Mayo
F26 P2Y1

Case Number PAX16.324387

My name is Cáit O'Sullivan and I live in Doolough with my Mummy, Daddy and my two big sisters.

I love my home. I love going to the beach and looking for shells. I love walking in the bog with my family and looking at the mountains and at nighttime all the bright stars in the sky. I love feeding our donkeys, chickens, ducks, dogs and cats. I like watching the birds, frogs, butterflies and bees in our garden because we have lots of flowers for them.

I like playing outside every day. I like listening to the birds singing and watching the sheep in the fields. I like when my Nanny & Grandad come to visit us, and I like going to see them because they only live very close.

My daddy works in England every week, and I love when he comes home. We all go for walks together on Saturdays and that makes me happy.

I don't want big wind turbines beside my home. The ones in Bellacorrick are scary. I don't want lots of big lorries on the roads where we live. I like it when it is quiet.

I want to keep looking at the mountains, playing on Doolough Beach, feeding my animals and growing up in this beautiful place.

Please say no to this windfarm
