To whom it may concern,

I wish to add an objection to the building of a new wind farm in Erris.

There are valid reasons including the natural beauty of the area, the damage the wind turbines would cause to people, flora, fauna and the proposed landmarks in the area.

The case number is PAX16.324387

I do not object to a further afield and more considerate location. The area would be put through upheaval and the location should be preserved.

If this is not the right email address could you please forward it to the attention of the correct department?

Thank you for your time.

Yours faithfully,

Maebh Mullan
