Re: Proposed Muingmore Wind Farm Development

Re: Proposed development of Muingmore Wind Farm — 13 wind turbines, 110kV substation, battery energy storage system (BESS) and associated infrastructure, townlands of Muingmore, Doolough, Tristia, Moneynierin and Bangor, County Mayo. Applicant: RWE Renewables Ireland Limited.

A Chara,

I wish to submit the following observation in respect of the above-named planning application, in accordance with Section 37E of the Planning and Development Act 2000 (as amended) and Article 217 of the Planning and Development Regulations 2001 (as amended).

Dear Planning Officer,

My name is Yvie Sweeney and I live at Geesala, Ballina. I am 11 years old. I live in Geesala village, very close to the RWE site has been proposed.

I would like to object to this planning application because I am worried about how it could change the area where I live.

I am concerned that this would cause harm to the birds and animals and environment and eco system and

Noone will want to visit Geesala and be disturbed by the look and noise of the turbines. This will leave our amazing village without tourism.

This will lead to unemployment to the people who work here.

I know we want to stop global warming and I am all for that but please do not build them so close to people and animals and the village.

This is something that I am worried about and this is something an 11 year old girl should not be worrying about.

For the reasons set out above, I respectfully request that An Coimisiún Pleanála refuse permission for the proposed Muingmore Wind Farm development.

Mise le meas / Yours sincerely,

Yvie Sweeney
