Re: Application for West Clare Railway Greenway

To Whom It Concerns

As we live close to the proposed Greenway we wish to highlight the following points for consideration:

1. Signage at the end of L6093 to discourage swimming due to strong currents.
2. Greenway users not to access farmland and to always close gates when required.
3. Adequate natural hedging, in keeping with existing hedging, at dwellings that the greenway passes - to ensure privacy.
4. Shore access at the end of L6093 to facilitate vehicular access. This degree of access has always been in place for this community but more importantly it is imperative that the Emergency Services have such access available when necessary.
5. If Greenway users choose to access the public road adjacent to the Greenway they may need to be aware that there is regular traffic of heavy vehicles.
